redefining fruit & vegetables

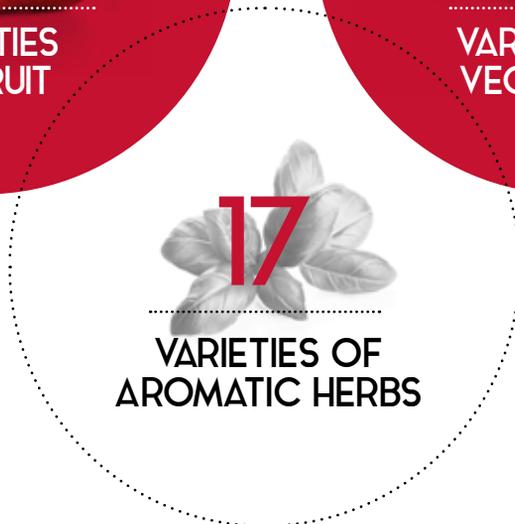

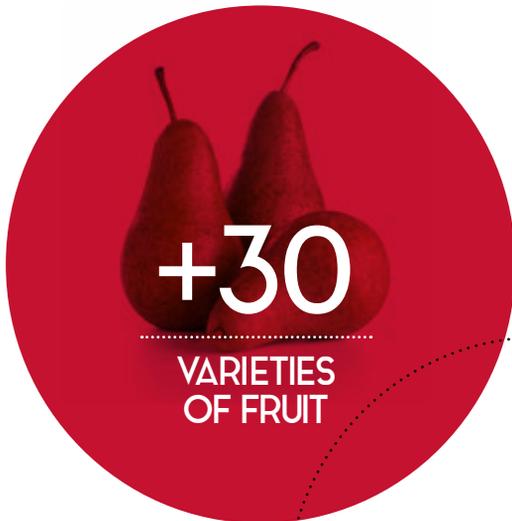

*Let us be your guide through
Europe's biggest garden*

BELORTA
redefining fruit & vegetables

PREMIUM AUCTIONEER OF FRUIT & VEGETABLES

BelOrta is Belgium's largest co-operative auctioneer and European market leader in fruit and vegetables. We guarantee the year round supply of more than 150 varieties of vegetables and 30 varieties of fruit.

REDEFINING FRUIT AND VEGETABLES

Our baseline 'redefining fruit & vegetables' expresses our mission: to redefine the standards within the fruit and vegetable landscape. Within a rapidly changing market environment, BelOrta is always innovating and looking for a higher performance in all areas of our business.

EXPERTISE IN PRODUCE, PRODUCTION AND MARKET KNOWLEDGE

BelOrta maintains the highest standards and guarantees top quality through our expertise in produce and market knowledge. Our 1,370 highly skilled producers are specialists in their fields with state-of-the-art production facilities and continuous training in search of innovative and sustainable production techniques.

INNOVATION

BelOrta focuses on innovation and is continually searching for consumer desirable products and packaging, innovative growing techniques, storage systems and modern logistics processes.

SUSTAINABILITY

Dealing responsibly with people, planet and profit is key to everything we do. BelOrta, our member growers and suppliers are committed to long term sustainability goals. Continuous improvement is our spirit.

PARTNERSHIP WITH STAKEHOLDERS

Through our philosophy and approach BelOrta aims to be a truly reliable partner for its customers, producers and employees.

EUROPEAN LOGISTICS PLATFORM FOR FRUIT AND VEGETABLES

Our geographical location ensures that our products reach a large number of European consumers very quickly and efficiently, which is cost effective and good for freshness and quality. Favorable growing conditions, the mild climate and sufficient natural water resources make our region an ideal production area for the sustainable cultivation of high quality fruit and vegetables.

BelOrta aims to offer our consumers and customers the best tasting, most inspiring products of the highest quality. Because we want to provide our partners with the best and most popular products in the market, BelOrta focuses on innovation and is constantly looking for consumer-oriented products and packaging formats.

There's a huge variety within leafy vegetables: butter lettuce, alternative types of lettuce, lamb's lettuce, spinach, Belgian endive, parsley, radicchio, ... The large range at BelOrta ensures that our customers can choose year round for diversity in their stores with a continuous presence of local products. Uncooked or prepared. Pre-packaged or fresh. Known or unknown. We have something for everyone.

Taste, Freshness and Appearance: these are the BelOrta selection criteria, along with the strictest food safety and sustainability standards. Since only family businesses are growing this fruit, we are able to offer you Belgium's finest selection.

Through continuous monitoring of the crop, our pome fruit meets the necessary phytosanitary requirements for export. Full traceability enables precise tracking of each box, back to the orchard of origin.

TOMATOES

BelOrta offers more than 30 varieties of tomatoes, of which the beef tomato is the best known. Other well known species are the tomatoes on the vine, plum tomatoes, Cœur de bœuf and the little snack, cherry and berry tomatoes.

Less well known types are the old varieties, so called heirloom tomatoes, such as the Cœur de bœuf d'Antan, Noir de Crimée and Marmande. The tomato range also includes several remarkable innovations such as Lemoncherry and the Intense tomato.

SOFT FRUITS

Our strawberries are enjoying strong growth within the soft fruit assortment. The wide range of varieties and the choice between classic cultivation versus open-field strawberries offers diversity and a uniform continuous supply in your store. The careful selection of flavourful varieties, supplemented by our growers' know-how and their love for the product, ensure consistent high quality.

BelOrta's soft fruits are grown according to the most recently developed sustainability methods. By applying new cultivation and preservation techniques we offer a wide range all year round. All berries are also supplied as organic and in different packaging formats.

The growers of BelOrta offer very high quality, fresh herbs throughout the year and with maximum respect for the environment in which they work. Full of flavour, they make the perfect addition to any kitchen.

BelOrta has a range of mushrooms of which the best known variety is the white mushroom. We also offer brown mushroom, shii-take and oyster mushroom.

ORGANIC FRUIT & VEGETABLES

WIDE RANGE

BelOrta has consciously opted for a wide range of organically grown fruit and vegetables. Our growers use the latest scientifically controlled growing methods. We guarantee excellent service, flexibility and full availability.

WHAT IS ORGANIC AGRICULTURE?

Organic agriculture is a distinct form of sustainable and environmentally friendly production that pays a great deal of attention to the synergies between plants, animals and the environment. Soil fertility and the environment are vital in this regard and typical characteristics of organic agriculture include broad crop rotation and the use of green and organic fertilisers.
